Wow! Our TSCA team keeps growing! Quite the impressive mailing list.

Rusty passed along the message that the TSCA team has interest in the files put together to inform TSCA Prioritization Discussions. We're glad to pass along the files we shared with the prioritization team following today's productive meeting.

Attached are the files and below is the text of the email accompanying the file.

Shout out should you have comment or questions.

Jeff

Thank you all for what I thought was a very productive discussion. (And a big thanks to all those that brought data together for this afternoon's meeting.)

Attached are the files referenced during our discussion this afternoon:

- File: TSCA Chemical Prioritization Discussion 20170406vs.docx – the 2-page document that guided our discussion
- File: Chemical Information Available 20170406 v3.docx – the 130-page document with metadata for the data files that follow
- File: TSCA_literatureActorV-v6.xlsx – this is File 1 referenced in the discussion document
- File: TSCA_dashboardPchem_v5.xlsx – this is File 2 referenced in the discussion document
- File: TSCA_healtheffects_v6.xlsx – this is File 3 referenced in the discussion document
- File: TSCA_exposure_v5.xlsx – this is File 4 referenced in the discussion document
- File: 03-23-2017ECOTOXsearch.xlsx – this is File 5, the Excel spreadsheet for Ecotox
- File: ECOTOX_TSCA_workplan_91 chemicals.html – this is the HTML linked file for the ECOTOX data.

During our meeting, we identified a few “next steps” for ORD.

Deliberative Process / Ex. 5

Tentatively, I suggest that we get back together by the end of April. Since Thursday at 4:00 worked once, let's try again, same time on Thursday, April 27.

Thanks again all.

Tala – should you have questions or comments about the material assembled, please do not hesitate to shout-out. We're here to help.

Jeff
